TESTIMONIALS

Don't just take our word for it. Here are some testimonials from satisfied customers and runners.

★★★★★

Item arrived quickly and it exceeded expectations. I didn't ask for or expect the map of my race in the middle of nowhere, NY, USA, yet the seller included it just by me providing the name of race for personalization. The item is beautiful but the race map was above and beyond. Couldn't recommend more.

Karen

★★★★★

I had quite a specific request for my order where I wanted to add a picture where a medal would normally be placed and also a marker on the marathon route - they were super helpful and accommodating and the product turned out amazing!

Sophie

★★★★★

Item is really good quality. It's my second order after my husband 2nd marathon. I was in a rush to have it on time for his birthday and they did all the possible to help me. It's wrapped up and ready!

Thanks.
